Are you looking for Spiritual Truth?

Are you looking for Spiritual Truth, inner peace and a way to really make a difference in the world? Do you want to develop your intuition? Would you like to really use your innate healing powers? Do you want proper answers to the fundamental questions about why we are here – do you want to know what life’s really all about?

If the answer is YES, then King Yoga is for you!

As a spiritual seeker, you may feel overwhelmed by the number of claims being made by spiritual teachers. One says one thing – another says the opposite. What can you believe – or trust?

The only ways to know are: intuition, logic and sense perception. When you really experience King Yoga for yourself, you will know that it works.

Taught by Master of Yoga Dr. George King (1919 – 1997), King Yoga is a spiritual path free from the outdated dogma of traditional religion – a spiritual path that can bring you real enlightenment, and enable you to change the consciousness of humanity as a whole.

King Yoga is threefold: service to others, spiritual teachings and self-development. This makes it perfectly balanced for karmic evolution.

King Yoga is not about blind faith. It is about the realization of Truth.

King Yoga is not about rejecting logic. It is about understanding what the universe really is – and what and who you really are.

King Yoga is not about hoping to God for random miracles. King Yoga is about your ability to make miracles happen.

Blessings

Mark Bennett

Who is Dr. George King?

Dr. George King was a spiritual teacher, and also a channel for teachings given through him by intelligences from other planets. He was a Master of Yoga and one of the greatest trance mediums the world has ever seen. The path he gave to Earth is now called – King Yoga.

By practising King Yoga, you will gain a personal spiritual connection with this great Master. His power still exists, even though he is no longer physically among us. You can access this power – and your life will change.

If you open-mindedly apply yourself to his teachings – he will become a radiant presence in your life. He will become a source of strength, guidance and illumination. This will help you advance towards God-knowledge.

***

Born in 1919 in Shropshire, England, he demonstrated an interest in religion and spirituality at an early age, and in his mid-twenties he decided to devote his life to the practice of yoga. Yoga was not popular in the West in the 1950s like it is today – and to make such a decision was unusual to say the least!

He practised an average of 8-10 hours a day for a decade, while living in London, with a full-time job. This yoga training resulted in him gaining full control over the mystical power that exists within us all, known as Kundalini.

Yoga is not just a way of staying in shape or keeping healthy – or
even of relaxation. Yoga, in its highest sense, is a way to attain enlightenment. Enlightenment is not a vague, wishy-washy state of peace, but the intense realization that “God is all!” Its achievement is as rare as it is great.

In 1954, Dr. King was told by an extraterrestrial intelligence that he was to become the voice of “Interplanetary Parliament.” He had no understanding of what this meant, at that time. Later it emerged that he was to channel highly elevated beings from other worlds.

Fearless and uncompromising, Dr. King would then share and apply the wisdom he received wherever he could – despite ridicule, disbelief or even threats of violence. These teachings have been scrupulously recorded so you now have the opportunity to let them change your life – just as they have changed the lives of thousands of others.

In 1955 he founded The Aetherius Society – named after a being from another planet. The Aetherius Society is the organization that practises King Yoga.

The axis around which Dr. King’s life revolved was unconditional surrender to God, and his countless books and lectures are a testament to this. But these are just one small part of his life’s work. He was not a theorist; he always put spirituality into practical action to help others. Practicality was in fact the hallmark of his whole approach – along with direct, simple, plain-speaking; a world away from the overly complex or sickly-sweet teachings that certain others have propounded in recent decades.

He passed away in 1997 – leaving behind the great legacy of King Yoga.

**What is King Yoga?**

King Yoga is a spiritual path that can take you to enlightenment and beyond. It is also the most powerful way you can help to change the world for the better.

It is not a system of keeping fit or relaxing, though these do also form a small part of this path. Rather, it is a way of improving karma and raising consciousness – on an individual and global level.

Yoga is a Sanskrit word meaning “union”, implying “union with God”. God is not a whimsical, vengeful or sentimental old man on a cloud. God is the universal Divine Essence and Creator, far above any kind of human personality.

King Yoga is the path given by and through Dr. George King, and practised by The Aetherius Society.

King Yoga is threefold: service to others, spiritual teachings and self-development.

Service to others is the greatest yoga of all; the greatest religion; and the greatest thing any of us can do.

By serving others you will change your karma, which will enable you to advance towards enlightenment. The service offered by the path of King Yoga is the greatest on Earth because it involves working directly with beings from other planets – who have power and technology vastly superior to anything on Earth.

The spiritual teachings given by and through Dr. George King are the most profound, and yet most practical, that you will find. These teachings were given by some of the greatest Masters who have ever contacted mankind upon Earth.

You can experience this wisdom for yourself, by examining it in the light of your own intuition, experience and logic – with an open mind and a truth-seeking heart.

The spiritual practices taught by Dr. George King are extremely powerful, but also safe and very balanced. They will cause you to experience a rise in consciousness, increased psychic abilities, greater intuitive awareness, and/or more potent spiritual healing powers. If you try these practices, you will discover this for yourself beyond all doubt.
The Aetherius Temple

The Aetherius Temple is a unique, beautifully-designed place of worship in Fulham, South West London, dedicated to the spiritual ideals of peace, freedom and enlightenment.

Lovingly renovated over a period of several years, the vast majority of the work was carried out by King Yogis, many of whom donated hundreds of hours of time completely free of charge – motivated purely by the desire to be of selfless service to others. This has helped to ensure that the subtle vibrations of the building itself are conducive to enhancing spiritual awareness.

As well as being the venue for the King Yoga Experience, workshops and seminars, the Temple also serves as the venue for free spiritual healing, Divine services, commemorations of holy events, and Operation Prayer Power. These are some of the most sacred practices taking place anywhere on Earth – imbuing the Temple with an energy of profound inspiration.

A warm welcome to the King Yoga Programme!

This year, 2019, is the centenary of the birth of Dr. George King – the great Spiritual Master who brought King Yoga to Earth. In celebration of this, our programme will culminate in a special event presented by Richard Lawrence – ‘Becoming a disciple – past, present and future’, exploring the concept of discipleship and Richard’s own personal experience of being a disciple of this unique Cosmic Avatar.

Inspired by the success of last year’s ‘King Yoga Experience’ evenings, this format will continue in 2019, on the 2nd Tuesday of each month from April to November, beginning with Mark Bennett presenting ‘Spiritual Aliens – why are they here?’.

Other subjects covered in this programme range from meditation to psychic powers, from life beyond Earth to the power of prayer, from the Mother Earth to the initiation of Ascension… Whatever your experience on the spiritual path – there’s something for every truth-seeker in this year’s programme!

We look forward to meeting you.

Blessings

What is the ‘King Yoga Experience’?

King Yoga is not just a theory – it is a living teaching that can change your life and the world. You don’t just believe in King Yoga – you experience King Yoga. This is not a metaphor – it is literally true.

Each of our series of eight King Yoga Experience evenings will consist of:

- experiencing guided spiritual practices, such as meditation;
- discovering the truth about key spiritual teachings, such as karma;
- discussion in groups;
- an informal social.

Some will include playing audio-recordings of Dr. George King, and even of the great beings who spoke through him, while he was in trance. Others will include video, or readings from unique works of some of the greatest wisdom on Earth.

The purpose of these evenings is to enable those new to King Yoga to actually experience it for themselves – to have an experience of realization, spiritual awakening, or psychic phenomena.

Experience, more than any debate or philosophy, will prove to you that King Yoga works. All you need is an open mind and a truth-seeking heart!

Richard Lawrence | Sunday 2 June | 2.30-4.30pm | £10 (£8 Members & Friends)

This interactive talk marks the launch of a new edition of Richard's book Prayer Energy – how to channel the power of the universe (Cico Books), which he co-authored with Mark Bennett. It draws on New Age, Christian, Buddhist, Hindu, Jewish and Muslim sources as well as native traditions from Europe, Africa and America, to show how prayer can be used for many purposes. Richard will teach you how to attract the universal life forces – also known as prana or ch‘i – to yourself, and radiate them to others using the King Yoga technique of dynamic prayer. You can bless a planet, heal an animal, discover your spiritual destiny and even help to stop a war – there are no limits to the power of the universe or what can be accomplished when you channel it.

**SPIRITUAL ALIENS – WHY ARE THEY HERE?**

Mark Bennett | Tuesday 9 April | 7pm | £5 (£4 Members & Friends)

Civilizations, ancient beyond conception, exist on Mars, Venus, Saturn and other planets in the Solar System. So spiritually and technologically advanced are these civilizations that they vibrate at a higher frequency – on planes of existence as yet undetectable by terrestrial science.

These beings have been helping mankind for thousands of years, and sometimes have even been born among us in Earth bodies. The Master Jesus, the Lord Buddha, Sri Krishna, St. Peter, Confucius, Lao Zi and Sri Patanjali are just some of the intelligences who in fact came to Earth from other planets.

Mark is co-author of the award-winning title *Gods, Guides and Guardian Angels* and *Prayer Energy*, and an International Director of The Aetherius Society.

**MYSTERIES OF THE GODDESS**

Noémi Bates | Tuesday 9 July | 7pm | £5 (£4 Members & Friends)

Belief in a great female deity can be found in many religions and traditions around the world – past and present. In Ancient Greece the name used was Gaia – the Mother Earth.

Far from being a primitive superstition, the concept of the Earth as a living, breathing, thinking intelligence is in fact vitally important to our survival on this planet. She has, in supreme compassion and self-sacrifice, offered us her back as a beautiful home in space, on which to experience spiritual evolution. If we do not use this opportunity correctly, we will not, by karmic law, be allowed to remain on this planet; but if we live in harmony with this great Goddess – we have a golden cosmic future ahead!

**THE FUTURE OF LIFE ON EARTH**

Zascha Brésilley | Tuesday 11 June | 7pm | £5 (£4 Members & Friends)

In the past century the world has changed virtually beyond all recognition. What awaits us in the next century – and beyond? Discover the truth about the future advent to Earth of a great cosmic being whose presence will revolutionize civilization as we know it.

Evils such as war and dire poverty will be things of the past – and those powerful few pulling the strings behind the scenes will lose their sinister control. Further still into the future, the living being we call “The Mother Earth” will release her high-frequency spiritual energies, and all who reside on this planet will bathe in this beautiful, uplifting power – racing onwards through spiritual evolution, ultimately with the freedom to explore the vast cosmos.

---

**THE DIVINE SELF WITHIN**

Ayub Malik | Tuesday 14 May | 7pm | £5 (£4 Members & Friends)

God is the essence of all things – including you! Many of us know this, but do we fall back on this truth of our limitless higher nature when faced with life’s many challenges? Or do we surrender to the variety of deeply embedded shackles of limiting beliefs? Beliefs that often keep us stuck in situations longer than they should.

Through spiritual practices, study of ancient wisdom, and, most important of all, service to others, we can manifest more of our all-powerful, all-knowing higher nature – the Divine within – and radiate its great light outwards to all.

Ayub has had a deep interest in the mysteries of the Divine since a life-changing breakthrough in his teens, leading him to a life of spiritual exploration and discovery.

---

**Zascha has had a profound interest in spirituality since early childhood, and is a popular and enthusiastic presenter, with a love of sharing her knowledge with others.**

---

**Ayub has had a deep love for the Mother Earth – the living Goddess beneath our feet – for many years, and is a dedicated practitioner of a variety of spiritual practices.**
ASCENSION – MASTERY OF THE WHEEL OF REBIRTH
Darren Ball | Tuesday 13 August | 7pm | £5 (£4 Members & Friends)

We reincarnate from life to life, gaining experience, learning the lessons we need to master the “wheel of rebirth”. What happens next?

Mastering the reincarnatory cycle is not the end of our existence – but rather the beginning of a different kind of existence. Either we begin a new life-cycle on another planet, or we remain here – through the Initiation of Ascension – to become an Ascended Master. These Masters have ageless bodies, phenomenal strength and psychic powers, and most importantly – great wisdom. They work quietly, behind the scenes, maintaining the karmic balance for us; in fact, without them we would not be able to remain on this planet…!

HIGH REALMS OF EXISTENCE
Noémi Bates | Tuesday 10 September | 7pm | £5 (£4 Members & Friends)

We are currently living on level one – the basic material plane of Earth. When we die, we will move on to a different realm of existence while we await rebirth here again. These realms are still part of this planet, and are physical, but exist at a different frequency of vibration – as yet undetectable by science. Some of these realms exist at a lower frequency than this plane, and some at a higher frequency. After death, depending how we lived our life, each person will be drawn to the realm that matches their level of consciousness.

Find out what these realms are really like – and how we can ensure that we get to as high a realm as possible within the karmic law!

MEDITATION
Vivien Gibson | Tuesday 8 October | 7pm | £5 (£4 Members & Friends)

Meditation can change your whole life. You may think you don’t have time to meditate – but the truth is you don’t have time not to meditate! Meditation saves time, because it enhances clarity of thought and the intuition. This means you can make better decisions – and potentially save hours or even years which otherwise would have been wasted!

For beginners, meditation can bring about an enjoyable state of inner peace and enhanced focus. For the advanced yogi it is an intense state of oneness, bliss and supreme realization, sometimes referred to as samadhi. Experience the first steps of this profound journey for yourself – and be inspired by the Divine potential within you!

THE TRUTH ABOUT KARMA
Mark Bennett | Tuesday 12 November | 7pm | £5 (£4 Members & Friends)

Karma is the law of balance that exists throughout the universe. It applies to everyone and everything – and pervades every aspect of creation. It is not supernatural or vengeful – it is entirely logical and also entirely fair.

Karma is not about punishment – it is about learning. Karma is the great cosmic teacher that gives us all the essential experience we need to progress through spiritual evolution.

Mark will explain how to change your karma for the better and how to help others through their karmic trials, and he will also debunk some of the myths about karma – many of them the exact opposite of what karma really means!

THE COSMIC PLAN
Mervyn Smith & Alyson Lawrence | Sunday 28 April | 2.30-4.30pm | £10 (£8 Members & Friends)

Few people on Earth realize that, behind the scenes, wise and compassionate cosmic intelligences have devised a plan for mankind to help us through our evolutionary trials. We don’t usually see these beings, and, even if we did, we probably wouldn’t recognize them for what they are! But they nevertheless do exist. If they did not, mankind would already have perished – for they have saved us from destruction countless times in our strange history.

Find out what their selfless work on our behalf really consists of – and even what we can do to cooperate with them. One key way we can do this is through the Cosmic Missions of The Aetherius Society, which will be explored in this seminar.

Mervyn is a key figure in the continuance of the Cosmic Missions – the highest form of King Yoga.

Alyson is an International Director of The Aetherius Society, and a fellow of the Gemmological Association of Great Britain.

WISDOM FROM OTHER PLANETS
Mervyn Smith | Sunday 29 September | 2.30-4.30pm | £10 (£8 Members & Friends)

We are not alone in the universe. This is your opportunity to hear the wisdom of extraterrestrial beings – recordings of messages of vital importance to Earth at this time.

The messages you will hear were given through the samadhic trance mediumship of Master of Yoga Dr George King (1919-1997), and will be from a variety of intelligences – all of whom reside on higher planes of other planets. These beings are vastly more advanced than us, both technologically and spiritually, and are helping Earth in every way they possibly can. However, by karmic law, they cannot solve all our problems for us, without any effort on our part. Now is the time to cooperate with the Gods from space!

Mervyn has been studying cosmic wisdom from other worlds for many years, and often worked closely with Dr. George King.

Mervyn Smith & Alyson Lawrence | Sunday 28 April | 2.30-4.30pm | £10 (£8 Members & Friends)

THE RED PLANET
Alyson Lawrence | Sunday 17 November | 2.30-4.30pm | £10 (£8 Members & Friends)

Traditionally associated with war, Mars, “The Red Planet”, is in fact a place of great peace and advanced spiritual culture.

The Cosmic Masters on Mars have evolved to a plane of existence currently undetectable by Earth science – but they are nevertheless very real, and play a vitally important role in helping the evolution of mankind upon Earth.

In this two-part seminar, Alyson will explore the nature of the planet itself, including claims that important information about Mars has been covered up by NASA. She will then proceed to examine the effect of Martian intervention in recent years upon Earth.

Alyson is an International Director of The Aetherius Society, and a fellow of the Gemmological Association of Great Britain.
